Customer No. 27752

### AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

#### Listing of Claims:

1. (Canceled)
2. (Currently Amended) A chewable composition comprising a chewable base and an odor absorbing agent according to Claim 1, wherein the odor absorbing agent is ~~selected from the group consisting of zeolite-based material, silica-based material, uncomplexed cyclodextrin and or derivative, carbon-based odor absorbing agent and mixture thereof.~~
3. (Canceled)
4. (Currently Amended) A chewable composition according to Claim 2, wherein the odor absorbing agent is a mixture of uncomplexed cyclodextrin or derivative thereof together with either silica[[-]], zeolite-based material, and/or carbon-based odor absorbing agent, or a mixture of zeolite-based material together with silica[[-]] and/or carbon-based material.
5. (Currently Amended) A chewable composition according to Claim ~~1~~ 2, wherein the odor absorbing agent is a mixture of (a) a first odor absorbing agent selected from the group consisting of zeolite-based material, silica-based material, uncomplexed cyclodextrin and derivative thereof, and carbon-based odor absorbing material, together with (b) a second odor absorbing agent selected from the group consisting of zeolite-based material, silica-based material, uncomplexed cyclodextrin and derivative thereof, and carbon-based odor absorbing material, provided (a) and (b) belong to two different chemical classes of odor absorbing agents, preferably at a weight ratio of (a) to (b) of from 1:5 to 5:1.

Appl. No. 10/785,467  
Atty. Docket No. CM2599C  
Amdt. dated August 16, 2005  
Customer No. 27752

6. (Currently Amended) A chewable composition according to Claim 5, wherein (a) is a zeolite-based material and (b) is a silica-based material.
7. (Currently Amended) A chewable composition according to claim 1 2 which comprises an odor absorbing agent or mixture thereof at a level from about 1 to about 70% by weight of the total composition.
8. (Canceled)
9. (Currently Amended) A chewable composition according to claim 1 2, which comprises from about 10% to about 90% of chewable base by weight of the total composition.
10. (Currently Amended) A chewable composition according to claim 1 2, which further comprises a cyclodextrin/active inclusion complex.
11. (Canceled)
12. (Original) A chewable composition according to Claim 10, which comprises from about 0.01% to about 10%, of cyclodextrin/flavoring agent inclusion complex by weight of the total composition.
13. (Canceled)
14. (Canceled)
